Operating Systems: Windows, Ubuntu, Linux, MacOS

Database Management Systems: PostgreSQL, MySQL, Microsoft SQL Server, Oracle

Software Tools: Visual Studio Code, Eclipse, MySQL Workbench, VMWare, Linux, Microsoft Office

Web-Development Tools: HTML, CSS, JavaScript, Creation of web pages and forms

- Designed and managed databases using SQL for project tracking and cost estimation
- Designed and implemented interactive web pages ensuring cross-device compatibility.
- Gained hands-on experience with Linux for managing development environments

Additional Qualifications

- Proven team player, thriving in collaborative environments, as demonstrated in various customer service roles.
- Excellent time-management skills, capable of juggling multiple tasks and meeting deadlines.
- Languages: Multilingual, fluent in English and French

ACADEMIC PROJECTS

Personal Portfolio Website CST8285, Ottawa	Jun 2024
• Developed a personal website using HTML, CSS, and JavaScript, implementing a responsive design for both mobile and desktop devices. • Created interactive features with JavaScript, including a slideshow and dynamic contact form.	
Database group Assignment CST2355, Ottawa	Jun 2024
• Designed and implemented a database application using Microsoft Access and Microsoft SQL Server, ensuring efficient data management through linked tables	

PROFESSIONAL EXPERIENCE

Tutor Algonquin College, Ottawa	May 2024 – August 2024
• Provided one-on-one tutoring in computer programming, database management, and math, enhancing students' understanding and academic performance.	

- Developed customized lesson plans to meet individual student needs, showcasing my ability to explain complex concepts clearly and effectively.

Sales Floor Associate

Nov 2022 - Apr 2024

Walmart, Ottawa

- Assisted customers in finding products, provided product information, and resolved inquiries, demonstrating strong problem-solving and customer service skills.
- Maintained an organized sales floor, ensuring product displays were visually appealing
- Participated in inventory management, conducted regular stock checks, and assisted in replenishing merchandise to meet customer demand
- Utilized data entry and management systems to track inventory levels and sales performance, enhancing technical proficiency and attention to detail

Founder and CEO

Mar 2021 - Jan 2024

Ma Spatule Blanche, Morocco

- Founded and launched a business that sells professional baking ingredients and equipment
- Developed a business plan, including market analysis, go-to-market strategy, and a financial plan, demonstrating strategic planning and analytical skills.
- Utilized web development skills and digital marketing by developing brand strategy and implementing it through the website, social media platforms, and packaging.
- Managed all aspects of the business (budgeting, accounting, price setting strategies, and marketing campaigns), showcasing multitasking and project management skills.
- Hired and managed subcontractors (designers, social media managers), and managed 10+ suppliers, demonstrating leadership and team management skills.

Retail Sales Associate

Oct 2022 - Feb 2023

Petsmart, Ottawa

- Operated point-of-sale system to process transactions, handle cash, and facilitate checkouts
- restocked shelves and organized merchandise displays
- Assisted customers in selecting pet care products and answered their questions
- Cooperated with team members to improve store processes, boosting my teamwork and problem-solving skills

Structural Engineer

Jan 2020 - Feb 2021

LUSEO Maroc, Rabat, Morocco

- Scheduled, realized and managed technical studies of buildings
- Developed technical prescription documents and business consultation files
- Estimated costs of construction works, highlighting analytical and budgeting skills.
- Evaluated tender documents for construction projects, and selected the most competitive proposals, showcasing decision-making and analytical skills.

Field Civil Engineer

Oct 2017 - Dec 2019

SOGETRAMA GLS, Rabat, Morocco

- Supervised construction works for drinking water treatment plants in two cities
- Coordinated among key stakeholders across projects: clients, subcontractors, engineering offices, showcasing communication and coordination skills.
- Managed projects budgets, from initial financial planning, to monitoring invoicing, to analyzing revenue variance and prepared technical files and verification files
